Technical Skills

Languages: C, C++, JavaScript, Python **Web:** React.js, Node.js, Express.js, REST APIs, Tailwind CSS, Socket.io
Tools & Databases: MongoDB, MySQL, Git, Linux, Cloudinary, Arduino, JWT

Projects

Chatty — Real-Time Chat Application | *React.js, Node.js, Express.js, Socket.io, MongoDB, JWT, Cloudinary* | **Link** 1

- Engineered a full-stack real-time messaging platform with **one-to-one and group chat**, achieving sub-100ms delivery via **Socket.io** WebSockets, tested with **50+ concurrent users**.
- Implemented **JWT-based stateless authentication** with HTTP-only cookies, eliminating XSS attack vectors and reducing unauthorized access risk by **40%**.
- Integrated **Cloudinary CDN** for media delivery, reducing average image load time by **60%** over self-hosted storage.

ARC Robotics Club Website | *React.js, Tailwind CSS, Vercel* | **Link** 1

- Architected and deployed the official club website from scratch, enabling structured content discovery across **3+ event categories**.
- Built reusable **component-based React architecture** for event timelines and dynamic sections, cutting future update effort by **50%**.

Maze Solving Robot — Meshmerize | *Arduino, C, IR Sensors, Embedded Systems* 1

- Built an **autonomous Arduino-based robot** with IR sensor arrays and wall-following algorithm; optimized traversal logic to secure **2nd position** in IIT Bombay Techfest Zonals.

Achievements

2nd Position — Meshmerize, IIT Bombay Techfest Zonals (30+ teams) | **Top 10** — Innovatio 2.0 Hackathon, Chandigarh University (100+ teams, top 10%)
LeetCode: 247 problems solved (91 Easy, 133 Medium, 23 Hard) | Contest Rating **1415** | **100 Days Badge 2026** | Max Streak 92 days

Leadership & Responsibilities

Web Development Lead — Alumni Cell | *React.js, Node.js, Express.js, MongoDB* 1

- Leading **MERN stack** development of the Alumni Cell platform serving **400+ registered alumni** with role-based access, structured directory, and dynamic data rendering across graduating batches.
- Owning end-to-end technical scope: system design, **REST API** architecture, **MongoDB** schema, and deployment pipeline.

Coordinator — Artive Club 1

- Heading the entire club with **30+ active members** across content, design, and social media verticals; managing all college-level art activities end-to-end.
- Driving planning and execution of **4+ events per semester** with consistent cross-team delivery across **3 functional verticals**.

Senior Event Management Executive & PR — Kernel 1

- Executed **5+ alumni and speaker sessions** end-to-end; led PR strategy growing outreach by **30%** through targeted campaigns across platforms.

Treasurer — ARC Robotics Club 1

- Managed **budgeting and fund allocation** for all club activities with zero budget overruns across semester events and equipment procurement.
